Dear Alexandra:

Thank you for your help on framing and voir dire. It was invaluable. I even said "follow the paper trail" during closing! Eli would probably tell you I shouted it.

We also picked a really interestingly diverse jury and your advice and voir dire questions helped me feel more comfortable with the process (though I still hate it!).

I am so grateful that you were willing to provide this pro bono assistance; LAF could never afford this kind of service for our clients otherwise.

Talk to you soon.

Lizzie
